What curriculum to you use?

Guardian Lutheran Early Childhood curriculum incorporates three styles – play-based, theme-based, and classroom learning centers. Our curriculum helps to enrich and enhance cognitive, language, social, emotional, physical, and creative development.

Preschool classrooms incorporate age-appropriate programs to help children grow in the following key aspects of school readiness:

- Stable relationships with adults who are emotionally invested in your child
- Group settings offering peer interactions and the opportunity to learn social skills
- Consistent, predictable daily routines that are part of your child's schedule.

What are the benefits to enrolling my child at Guardian Lutheran Preschool?

Being a Lutheran Early Childhood school, Guardian Lutheran incorporates Christian values into our program. The children will participate in Bible stories, songs, and prayer before snacks and lunch. In a Christian setting the child will be free to explore his environment, express feelings and begin to understand and control them in a forgiving atmosphere through the grace of God. The staff of Guardian Lutheran Early Childhood regards the development of the whole child as their primary goal. We work to create an atmosphere that will allow each child to feel comfortable and secure while they are away from their home. Parents and staff work together for the benefit of the child.
